## RELEVANT WORK EXPERIENCE

**CAPGEMINI NORTH AMERICA (CG)**

New York, NY

*Consultant, Intelligent Finance and Accounting Operations (IFAO)*

*September 2022-Present*

- Recognized top performer within the organization (Nominated Rookie Performance Driver 2024, CG Emerging Leaders)
- Demonstrated leadership aptitude (Copilot Testing Lead - IFAO, ERG Regional Lead 2025- Northeast, Onboarding Lead - IFAO)
- Supported strategy, tooling, and adoption initiatives across data-focused finance transformation programs for Fortune 500 clients

## SELECT PROJECT EXPERIENCE

- **Film and Entertainment Studio - Order to Cash (OTC) / AR Scope**
  - Facilitated global rollout of AR optimization tools, improving collections performance by ~15% across 5+ regions
  - Built Power BI dashboards to track implementation, enabling KPI tracking and decision-making by leadership
  - Facilitated workshops with clients and SDCs to identify automation opportunities, mitigating manual intervention
  - Prepared essential deliverables (process maps, DTPs, Gap logs) used in 100% of final solution design sessions
- **Insurance & Retirement Service Provider – Financial Services (FS) Transformation**
  - Mapped FP&A gaps, enabling framework that supported 30% aged debt reduction and improved cash flow
  - Designed regulatory and ESG compliance trackers supporting operational risk monitoring and internal governance
  - Produced C-suite decks and peer benchmarks that directly shaped roadmap decisions for CFO-led initiatives
- **Finance Procurement Software Initiative - Change Management (OCM) Scope**
  - Developed modular service tiers and onboarding structures that improved product-market fit and tooling adoption
  - Translated technical concepts into actionable insights, directly improving client adoption of finance tooling
  - Conducted detailed pricing and benefit benchmarking modeling to optimize product value propositions

## HEALTHCARE IOT PROJECT

Remote, U.S.

*Business Analyst, Self-Initiated*

*July 2021-August 2021*

- Assessed a \$100M+ market opportunity using Python and Excel to support strategic entry for an IoT-enabled solution
- Cleaned, structured, and analyzed 10,000+ data points, improving ML model accuracy for performance optimization

## LOJAS AMERICANAS

Remote, BRAZIL

*Brand Consultant*

*June 2021*

- Performed structured analyses using SQL and Python to reposition Employee Value Proposition (EVP) and customer targeting
- Utilized strategic frameworks (PESTEL, SWOT) to generate benchmarks that guided EVP optimization and strategic targeting

## LEADERSHIP EXPERIENCE & EXTRACURRICULARS

### INDEPENDENT INVESTMENT ANALYSIS GROUP

New York, NYC

*Co-Founder*

*January 2024-Present*

- Created and distributed financial insights, produced interactive dashboards and insights to an audience of 100+ users
- Built an automated SQL–Power BI pipeline to monitor risk exposure and visualize investment performance in real time

### PURDUE HONORS MENTORSHIP PROGRAM

West Lafayette, IN

*Mentor Council Member*

*June 2020-December 2021*

- Promoted to councilor with the responsibility of overseeing a group of 100+ mentors and all incoming honors students
